The Eminent EM9135 Twistable High Speed HDMI cable solves the problem of determining the exact length of cable you need. Uncoil them to their full lengths; once extended, they hold their shape and will not recoil.
The Eminent Twistable cable can also be used to manage your cables.

More and more devices have a High Speed HDMI connector. With our Eminent High Speed HDMI cable you will have crystal clear digital video on your television.
The Eminent EM9135 Twistable High Speed HDMI cable supports the High Speed HDMI standard (1.4), for trouble-free installation. Thanks to the gold-plated contacts and triple shielding, you will enjoy perfect video and sound!
